RESPONSE TO RESTRICTION REQUIREMENT

Assistant Commissioner for Patents:

In response to the Restriction Requirement dated May 23, 2000, please extend the period of time for response three months, to expire on September 23, 2000 (Saturday). Enclosed are a Petition for an Extension of Time and the requisite fee.

Applicants hereby elect without traverse Group I, claims 1-10, directed to methods of screening for modulators of ubiquitin ligase/SMAD using a binding agent, for examination at this time.

Applicants further elect, without traverse, species B (factors affecting BMP/SMAD1/SMAD5), as recited in claims 1-10, as the single species to which the claims may be restricted if no generic claim is held allowable.

In view of the above election, Applicants hereby withdraw claims 11-54 without prejudice to the filing of any divisional, continuation, or continuation-in-part application. Consideration of the elected claims is now requested.

Respectfully submitted,
